PIN BALL (spectaculair)

Pin Ball also name as Pin Ball Spectacular.

Multiplayer game using paddles.

In place of the usual flippers you'll find two sliding paddles. The bottom paddle operates like any flipper, but the top paddle "flips" the ball from below, as well as above.

Starting at the top you see two large multi-coloured walls. If you wipe out every block on either side you've uncovered an alien from outer space. Hit him an rack up points.
